The application has been amended as follows:

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on February 17, 2004 has been entered.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on February 17, 2004 and March 2, 2004 and a review of the instant claims has convinced the examiner that the claims are allowable over the applied prior art. The prior art fails to teach or suggest that the assemblage of at least three laminates comprises cover sheet, each of the cover sheet has a first irregular visually distinctive mating edge at the first end of the graphic portion, at least one of the cover sheet has a second irregular distinctive mating edge at the second end of the graphic portion, that the mating edges being engageable edge-

to-edge only in a predetermined relative orientation, that the graphic portions have parts extending past each other in said first direction, and that the mating edges extend at least 0.05 inches past the peripheral edges of the graphic portions. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
